PetNat

Who said sparkling wines are only for special occasions? Our PetNat is a tasty, refreshing sparkling wine suitable for everyday pleasure.

Type: Dry, semi-sparkling, white wine

Vintage: 2023

Varietal Composition: 100% Savavtiano

Origin: Attica

Vinification & Elevage:

PetNat, or Petillant Naturel, is a semi-sparkling wine made via the ancestral method, which, as the name suggests, is the oldest way to make a sparkling wine. Unlike other quality sparkling wines, PetNats undergo only one fermentation instead of two. After fermentation begins, the wine is bottled and sealed with a crown cap. As fermentation continues, the CO₂ gas is trapped inside the bottle giving the wine a gentle fizziness.

Tasting Notes:

The fruity and toasty flavors, moderate alcohol, and cheerful bubbles make it an appropriate wine to sip as an aperitif or pair with light foods like salads, or light fish and seafood. PetNat is not meant to age, so celebrate all of life's little moments by toasting with this!

Pairing Suggestions:

Enjoy on its own or paired with mussels, oysters, or light snacks.
